DEPARTMENT OF MUNICIPAL AFFAIRS CANNOT AGREE WITH BLAIRMORE MAYOR

Following is a copy of letter to Mayor McLeod in reply to his query for advice on the "Free Light and Water" question:

Department of Municipal Affairs, Edmonton, April 11th, 1924. Sir: I am in receipt of your favor of the 7th inst. with resolution of the council attached. I do not see that this changes the status of things. A solicitor of the department of the Attorney-General is of the opinion that the resolution constitutes a contract and the letter immediately preceding this one was written with that in mind. However if you refer to Section 14 of the Town Act, first provision you will note that no paid official of the town shall be qualified to be a member of the council. A paid official of the town is any one who receives money from the treasury of the town for services rendered. In your particular case it might be argued that they did not receive money from the treasury, but such an argument would be far fetched for the simple reason that the treasury had to pay for the water and light. I am sorry that we cannot agree to your interpretation of your resolution. Your obedient servant, (Sgd.) J. H. LAWE, Deputy Minister.

LIQUOR RESTRICTION BY-LAW INCONSISTENT WITH CHRISTIANITY

In the course of his annual charge before the Synod of Huron, Right Rev. David Williams, Bishop of Huron, remarked that "Prohibition is inconsistent with the teaching of Christ, with the divine plan of the moral evolution of the race, and with the Christian way of life which demands self-denial, but never its imposition by force upon others." Reviewing the results of the Ontario Temperance Act, he said the abolition of the bar and saloon was an undoubted gain which must never be lost. On the other hand, because the law lacks the moral support of large numbers of people, its enforcement, like all summary laws, is nearly impossible and provokes resentment. The regulations regarding the medical use of liquor are recommended and the high price of liquor has been the chief incentive to bootlegging.

Mr. W. A. Carlsake, of Calgary, assistant manager of the Metropolitan Life Insurance Co., is in town this week.

COLEMAN ODDFELLOWS' MEMORIAL SERVICE JUNE 8

Coleman Oddfellows and Rebekah will hold their annual Memorial Service on Sunday, June 8th, at which all members of the Order are requested to attend.

FORMER HOME BANK DIRECTORS SUED FOR FIVE MILLION DOLLARS

TORONTO, May 20.—Suits for \$5,000,000 have been launched by the liquidators of the Home Bank of Canada against nine former depositors of the Home Bank, the seven who are facing criminal charges together with M. J. Haney, of Toronto, a former free wand Ottawa, who was a director from 1917 to 1920. He is a general contractor and is on the directorate of a long list of industrial and financial corporations. Damages are sought "for losses sustained by the bank, its creditors and shareholders, by reason of misconduct, misfeasance, malfeasance, and negligence of the defendants." The writ was issued by Adam Ballantyne, K. C.

The claim is made by C. T. Clarkson and L. E. Welton, liquidators of the Home Bank of Canada, against H. J. Daly, R. P. Gough, S. Casse, W. F. E. Stewart, J. M. Stewart, M. J. Haney, of Toronto, and C. A. Barnard, C. F. Smith of Montreal and J. A. O'Brien of Renfrew.

Statement of Claim

The endorser of the writ reads:

Plaintiffs as liquidators of the Home Bank of Canada claim that the sum of \$5,000,000 from the defendants as damages for losses sustained by the said Home Bank of Canada, its creditors and shareholders by reason of misconduct, misfeasance, malfeasance and negligence of the defendants in the performance of their duty as directors and officers of the said bank. By reason of the neglect of the defendants of their duties as directors of the Home Bank of Canada, misfeasance and misconduct, the officers and management of the said Home Bank of Canada were permitted and enabled to make improper, illegal and unauthorized advances to customers and debtors of the said bank and others without receiving repayment of such advances, or upon security which the defendants knew or should have known to be entirely inadequate; to improperly make advances to persons or companies with whom officers of the said bank were personally dealing or trading in the speculative purchase and sale of shares; to improperly make advances to persons or companies who, without adequate responsibility, were engaged in the purchase and sale of shares in the Home Bank of Canada; to improperly make advances to corporations in which directors of the Home Bank of Canada were heavily interested upon inadequate security or upon improper authority; to improperly invest funds of the said bank in securities of a questionable or doubtful value, issued or created by companies in which directors of the said bank were interested; to improperly disburse funds of the bank in payment of commissions to persons for procuring deposits in the said bank. 2.—That the defendants be ordered to repay all dividends properly and illegally authorized by the defendants as directors of the said bank and pay to shareholders of the said bank out of capital and not out of profits earned by the bank. 3.—Such further and other order as this honorable court shall see fit to make on the facts of this case.

MORE LIGHT ON HOME BANK

In respect to the investigation of the relations of the Home Bank of Canada to the Finance Department, the chief items of interest have been the disclosures that Sir Thomas White, appealed to at the eleventh hour, suggested to the directors of the Home Bank an appeal to the government to help save the institution from immediate insolvency for which advice he promptly collected fifteen hundred dollars just a few days previous to the closing of the bank; and also the statement of the Prime Minister before the commission that the government had absolutely refused to bolster up the insolvent bank by making a large deposit of government funds coupled with the prime minister's declaration that the finance minister, Right Hon. M. T. Finlay, had assured him that Sir Henry Drayton, ex-finance minister, was in error in stating that he had drawn the conclusion of the Bank to the attention of the incoming minister of finance. Apparently since the present government assumed office the actual condition of the Home Bank was not brought to the attention of the finance minister, and any onus for failure to take action on representations made must lie with two former ministers. Sir Thomas White and Sir Henry Drayton.

JUST "GROWN"
As a country school last year a young Swede presented himself for instructions.
"What is your name?" the teacher asked.
"Yimmie Yanson."
"How old are you?"
"Ay, not know how old ay fane."
"Well, when were you born?"
"Ay have not born at all; ay get a stepmother."

MAY 24TH TO BE GALA DAY AT COWLEY

Saturday will be observed in real old style at Cowley in celebration of Empire Day. A splendid programme of events has been arranged and everything is in readiness for the biggest event in the history of the little Foothills prairie town. All autos in this district will be in commission to convey the hundreds of people to Cowley on Saturday.

Col. A. V. Fetschen, owner of the McLaren timber and lumbering interests in this district, was in town from Toronto during the week.

PRESENTATION OF FLAG

On Friday afternoon next at 3
o'clock the local chapter of the I. O.
D. E. will hold a public demonstration
at the school grounds where they will
present a flag to the school. The
ceremony is open to the public and
a cordial invitation is extended to ev-
erybody to attend.

MAY GET SPECIAL COAL RATE

Negotiations are still proceeding
with a view to obtaining a special
rate on coal from Alberta to Ontario
points which might be effective dur-
ing the coming summer months. H.
Stubbins, trade commissioner for
Alberta, returned from Eastern Can-
ada this week, after conducting neg-
otiations with the Federal government
and the Canadian National Railway
officials. An effort is being made to
secure assistance of the Federal gov-
ernment for a special rate of \$6.00 a
ton in railroad lots for Alberta coal
to Ontario points, on an average of
about 100,000 tons. Premier Greenfield,
who is at present in the east, has the
matter in hand. Mr. Stubbins, dur-
ing his visit east, also conferred with
Hon. J. G. Macdonald, minister of
commerce in connection with the
government to make various studies of
various points of interest. Mr. Stubbins
has already attended these conferences.

COWLEY HAPPENINGS

Mr. Millie is a Calgary visitor at
present.

Mrs. Jack Graham has gone to Cal-
gary for surgical treatment.

Mr. and Mrs. Perry Kinkade are
receiving congratulations on the ar-
rival of a daughter.

Mr. and Mrs. Martin Foster and
little son have returned from Guelph,
Ontario, after residing there for the
past several days. Mrs. Foster
will be remembered as Miss Agnes
McEwen.

Mr. and Mrs. Archie Swart and
children have returned from Leth-
bridge, after paying a visit to Mrs.
Swart's sister, Mrs. Goldie, who has
gone to Scotland for an extended visit
in her childhood home.

A very successful violin recital was
given in the Tustian hall on May 15th
by Mr. W. Moser and his local
pupils. A marked advance in pro-
ficiency was noted since the last rec-
ital. The splendid time and rendition
of the different selections is a marked
tribute to the ability of the teacher.
Following is a list of the numbers on
the program: Opening address by W.
H. Moser; Orchestra, march, by Lake-
brook—"Morning Song," by Harde;
Brid Tustian—"A Valse," by Dun-
cla; Quartette—"Lullaby," by Lake-
brook—"Doris McEwen, Rhona Grove,
Isabel Morrison and W. H. Moser;
Eddie Bennett—"Spanish Dancer,"
Dorrie; Muriel Murphy—"Song Without
Words"—Melnyre; Arthur Tustian
—"Dreamy Hawaii"; Orchestra—"Echi-
di Napoli" and "Sweet Melody Waltz";
Isabel Morrison—"Marcheta" by
Scherzinger; Dorrie; Orchestra—"Re-
nder," Pleyel-48; Juvenile Orchestra-
—"First Waltz" in Joyous Mood; Jack
Cowan—"Sun of My Soul"; Al-
vin Murphy—"Playing Soldiers";
Verdun Leigh—"Melody in G" by
Carre; Trio, Mrs. Grove, Rhona
Grove and W. H. Moser, "Shepherd-
ess' Dream," by Labitzky; W. H.
Moser—"Spanish Serenade," by Dri-
gro; Orchestra—"Diana Overture" by
Asher. All numbers were encored.
Miss Martha Tustian, the regular or-
chestra pianist, being unable to at-
tend owing to illness, the accompani-
ments were played by Jean Morrison
and Dorrie McEwen in a pleasing
manner. Mr. Moser's recitals are always
well attended.

Fire which originated in a small
building at the rear of the Crow's
Nest Pass in West Blaimore on
Wednesday morning came near hav-
ing disastrous results. Fortunately
there was no wind, or the entire block
from the Crow's Nest Garage to the
new vendor's store would have been
reduced to ashes. Lack of proper
equipment and organization of a fire
brigade was very apparent, for it was
fully twenty-five minutes after the
alarm had reached the fire hall be-
fore the local apparatus was on the
scene, while the Coleman brigade with
their new fire truck was on the scene
in nine minutes after being called and
could have done it in a minute or two
less had it not been for a "road hog"
who refused to give them the right-of-
way. The central heating plant of the
West Canadian Collieries was gutted,
and considerable damage done to the
interior of the tailor shop, entirely
through water.

On account of yesterday morning's
fire, the telephone service between
here and Coleman was put temporarily
out of commission.

ROMEO RINALDI, (Lessee)

M15-22-29-35. Applicant.

Workmen on the new road through
the Frank Slide on Friday last un-
covered the remains of several vic-
tims of the catastrophe which hap-
pened twenty-one years ago, in which
about sixty persons were buried by
an avalanche from Turtle Mountain.
Considerable interest was manifested
in the scene for several days and
many of those who resided at Frank
in 1903 endeavored to identify the re-
mains. On advice from Edmonton,
the police have put a stop to any
further excavation for relics.

Stolen Eggs and the Silk Trade

Here and There

Here and There

Here and There

Above—Reeling silk in the flower kingdom. Below—An express train leading silk at Yokohama and a Canadian Pacific ship sailing through the Rockies.

Production of silk dates far into antiquity, and for ages the manner of its production was kept secret. Up to the sixth century A.D. all raw silk was imported into Europe from China, until the Byzantine Emperor Justinian induced two monks to travel into China to procure silk worm eggs and though the export of them was punishable by death, these monks succeeded in bringing back a quantity concealed in the hollows of their phylaria staves.

From Byzantium, silk cultivation spread into Greece and Syria, thence into Spain, and thence successively into Italy, Naples, Northern Italy and France, being established in Italy in the sixteenth century.

Various determined attempts have been made, principally between the years 1622 and 1829 to establish the silk industry in America, resulting at one time in a not inconsiderable production, but the excessive cost of the labor involved in the rearing of the worms and in the reeling of the raw silk from the cocoons as compared with the trifling cost of such labor in Europe and Asia, has rendered it impossible to produce raw silk at commercial prices on this continent.

Most of the silk imported to America comes from Japan, Italy and China where, also, the humidity of the atmosphere contributes no little to the success of the industry in those countries. The greatest importation is from the flower kingdom, and this mostly in the raw-silk form as it is reeled from the cocoons.

Silk is valuable. In one consignment of a few hundred bales, hundreds of thousands of dollars are tied up, and for this reason, that no time may be lost in making up the raw material and placing the finished goods upon the market, the product of the little silk

worm is an express transportation facilities which few other commodities enjoy. The bales of silks are stored carefully in the vessels which transport them across the Pacific, and in such a manner that they can be speedily and safely discharged upon arrival at the Canadian or American port. No time is lost. Special trains made up of passenger baggage equipment await the arrival of the vessel if it docks at Vancouver as the Express liners of the Canadian Pacific, and once the valuable cargo has been sealed into the cars, the train proceeds towards its destination, often making better time than the regular passenger trains.

For the reason that the route is more direct, many silk dealers in New York where much of the silk is destined, consign their shipments via Canada and during the past few months many interesting time records have been made over Canadian Pacific lines.

On March 22nd, the "Empress of Asia" sailed from Yokohama carrying the largest consignment of silk to Vancouver, and from the time the steamer docked, until the special train to New York left, there was a lapse of time of only thirteen and one-half minutes per cent.

The silk was delivered in New York about midnight April 4th, the through time from Yokohama to New York being 13 days, 8 hours, and 13 minutes, calendar time. This constituted a record run as far as freight traffic is concerned, but passenger traffic is handled as readily by this company, a 21 day Europe to Orient service via St. John, N.B., or the St. Lawrence route being regularly maintained.

PROFANITY

(By Dr. Frank Crane.)

The trouble with profanity is not so much that it is wicked, as that it is plain dirty.

It is not so much that you shock religious people as that you disgust decent people, that we object to it.

Swearers are behind the times. They are hold-overs from a former century.

Nowadays anybody who swears is set down at once as being coarse and vulgar.

The young man who wants to succeed needs to take advantage of everything that may help him on. And swearing will be a black mark against him in any job he may have.

And if he wants to associate with the right sort of girls he must talk clean.

Nobody wants a swearer in the office, nor in the workshop, nor on the train, nor in the hotel. The only place swearing fits is in the saloon.

Swearing means you don't know how to talk. Your vocabulary is limited. It is the sign of ignorance.

Swearing means weakness. You will notice that forceful men, whose words carry weight, use simple, plain words.

When you swear it shows your impotence. It is the petty refusal of the helpless. If you can help a thing, help it; if not, keep still, anyway, don't swear.

Swearing has bad kin. It goes with ignorance, brutality, cruelty, drunkenness, licentiousness, viciousness and anger. And you can tell a habit by the company it keeps.

Swearing that is the sudden, impulsive exclamation is not so bad compared with swearing that has become a vile habit. And when a man gets the habit of sprinkling words with his speech constantly he ought to be tied out in the barn with the pigs.

To abstain from swearing does not mean that you are a sissy. It simply

The Canadian Pacific steamer Empress of Britain will arrive at Quebec shortly on her first voyage to Liverpool, and a cable-laid steamer under her new name Montreal. She is the fastest vessel sailing out of Liverpool and is scheduled to run from there to Quebec in six and a half days.

British Columbia's payroll for 1923 was \$150,000,000, according to the annual report of the Workmen's Compensation Board. The payroll for 1922 was \$128,592,302, and for 1921, \$130,000,375. Employing firms operating at the end of last year numbered 5,524, an increase of 145 over the previous year.

The 1924 season for the port of Montreal was officially opened on the morning of the 15th of April, when the Government ice-breaker Lady Grey arrived in the harbor. A big season is anticipated, especially by the Canadian Pacific steamships, whose vessels on the St. Lawrence route this year will exceed 197,000 gross tons.

Vancouver this season has beaten Portland, the great wheat port of the Northwest and formerly the great wheat port of the Pacific. Portland includes flour in its wheat totals, Vancouver does not. According to the Portland press the American city has moved over 28,000,000 bushels of wheat to date. Vancouver, in the same period, shipped 36,000,000 bushels, exclusive of a very considerable quantity of flour.

The much prized Wilder silver medal, the highest award of the American Pomological Society, the oldest horticultural body in North America, has been awarded to the Central Experimental Farm at Ottawa for the sixth time. The medal on this occasion was given for the Lady Apple, one of the many fine varieties of McIntosh Red parentage originated at the Central Farm.

An estimate of \$1,500,000 for fire protection and management of forest reserves has been placed before the Government for approval by the Minister of the Interior. The Minister stated that more drastic measures of fire prevention would be taken this year and in such connection the Department of the Interior proposes to utilize the Royal Canadian Air Force for the detection of fires.

An appeal for increased pensions for the originals of the old Royal North-West Mounted Police is now before the Federal Parliament. The present pensions are based on the pay standards of 20 to 30 years ago and are therefore quite inadequate for the appeal claims, and it is asked that they be raised to the same level as those granted members of the present Royal Canadian Mounted Police, on retirement.

There is not a single geological record why each and all of the world's mining camps, such as those of Kirkland Lake, Porcupine, Sudbury, should not be duplicated almost anywhere in the 60,000 square miles of the Quebec Labrador Plateau, which stretches from Ottawa and Lawrence Rivers to Hudson Strait, according to a statement made by T. C. Denis, Superintendent of Mines of the Province of Quebec, at a recent meeting of the branch of the Mining Institute of Canada.

Canada is financially sound. On April 14th the investors and savings account holders of the country were offered a five million dollar loan of Canadian Pacific Railway Five per cent bonds and by four o'clock the subscription for the loan had been over-subscribed and the books were closed. Telegraph orders came from all parts of the Dominion in splendid evidence of the confidence in the future of the big railway. Another evidence is seen in the fact that the C.P.R. common stock which pays ten per cent on par value of \$100.00. Since 1907, Canadian holdings of this stock have increased from 975 per cent to 21 per cent of the total, and the total value of the British Empire total about 75 per cent.

There was a determined look in the young lady's eye as she marched into the optician's shop.

"I want a pair of glasses immediately," she said. "Good strong ones. I won't be without them for another day."

"Good strong ones?" "Yes, please. I was out in the country yesterday and I made a very painful blunder which I have no wish to repeat."

"Indeed! Mistook an entire stranger for an old friend, perhaps?" "No, nothing of the sort. I mistook a bumble bee for a blackberry!"

Going Him One Better

"When I was in India," said the club bore, "I saw a tiger come down to the water where some women were washing clothes. It was a very fierce tiger, but one woman, with great presence of mind, splashed water in its face—and it slunk away."

"Gentlemen," said a man in an armchair, "I can vouch for the truth of that. After the incident I was walking down to the water. I met this tiger, and, as is my habit, stroked its whiskers. Gentlemen, those whiskers were wet."—Mail.

Not Engaged Now

He phoned his fiancée, on her birthday, that he was sending her a rose for every year. To the florist he gave the order for two dozen.

"He's a good customer," thought the florist, "and I'll send along an extra dozen."

That's how the engagement was wrecked.

A girl with no complexion usually makes up for it.

The annual tobacco yield in the United States has a value of over \$250,000,000.

A regular air service between Sweden and England has been decided upon and will be established shortly. The terminals will be Malmo and London with intermediate landings in Hamburg. Only six hours will be required for the flight.

The Minister of Lands has announced that a Dutch organization has offered to purchase 200,000 acres of land in the Stuart Lake district, British Columbia, for the purpose of colonization by Dutch agriculturists.

The Canadian Pacific is now perfecting plans to aid in the development of the mining industry of Ontario, by placing car ferries on Lake Temiskaming. These ferries will be operated from South Lorrain and Ville Marie, and between New Liskam, Hailybury and other Ontario points, and the Quebec port.

Major-General MacBrien, chief of staff of the Department of National Defence, Ottawa, addressing the members of the Canadian Club at London recently, announced that it is probable that a Canadian Permanent Force of Militia will be established by Order-in-Council on April 1.

Forty-nine automobile cars of Ford machines recently left Windsor, Ont., for Vancouver, B.C., via the Canadian Pacific. This was an unusually heavy movement of cars to one city, and another remarkable feature was that all of the automobiles, some three hundred, were for local consumption.

The Canadian Pacific Railway, which in 1923 brought down to the Pacific coast only 22,000 bushels of grain, actually brought down 166,000 bushels last season. This was the total amount of grain moved by all the railways of the United States on the Pacific coast, and the total amount of grain moved by the railways of the United States on the Pacific coast, and the total amount of grain moved by the railways of the United States on the Pacific coast.

The Canadian Pacific Railway, within the next few weeks will have put out for sale a large number of packets of seed and from thirty to forty thousand flower bulbs, and also a large number of trees and shrubs, requires 200,000 bedding plants to fill the beds of the various stations and parks of the company's year.

The crack train of the Canadian Pacific Railway, the Vancouver, B.C., to Montreal, was run on a special schedule from Montreal to Vancouver, B.C., on March 23-30, of 2,411 third-class passengers, aboard the Company's Empress of Britain and Metagama. The Montreal had on board 1,534 of these passengers, which constituted a record for the season.

Of a total production of 10,730,150 pounds of creamery butter in 1923, Manitoba exported 5,763,000 pounds, valued at \$1,513,169. Shipments were made to Great Britain, New York, Chicago, and Montreal. In addition, about 700,000 pounds of butter were shipped to the United States.

In a speech to the higher officers of the Canadian Pacific Railway on the occasion of the recent convention at Quebec, Mr. E. W. Beatty, President, pointed out that 50 per cent of the company's stock is held in Great Britain, 21 per cent in Canada and 20 per cent in the United States. It is, therefore, a corporation absolutely controlled within the British Empire and, he added, that control is being appreciably strengthened as the years go on.

Quebec's new goldfield in Royon township, north of the Des Quinze trail, of the Canadian Pacific Railway, is being developed by the company by an aeroplanes service to be inaugurated by the Laurentide Air Service Limited, on May 1st.

WANTED—To hear from owner of good farm for sale. State cash price, all inquiries to D. F. Bush, Minneapolis, Minn. May 22

REPORT OF BLAIRMORE SCHOOL FOR APRIL

Primary

Enrollment 44, teaching days 20, aggregate days' attendance 775, average 88.75, percentage 88.68. Perfect in attendance—Kathleen Fitz, Delma Hinds, Kathleen Vane, Irene Lestovsky, Eva Erikson, Victoria Camm, Ruth Wheatley, Margaret Ubrin, John Sartorius, Jack Morgan, Jack Stevens, Richard North, Christina McVey, Billy Christie, Willie Whitley, Billy Irvine, Billy Stewart, Joe Huchal, B. E. Douglas, teacher.

Grade I.

Enrollment for month 36, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grades II and III.

Enrollment for month 25, number of teaching days 15, aggregate days' attendance 351, average 21.20, percentage 87.60. Perfect in attendance—Grace Wheatcroft, Doris Hales, James Brown, Billy Martin, Harvey Wheatcroft, Fred Brown, Frances Linville, Alfred Brown, Jack Hughes, Arthur Hales, Augusta Carmet, M. E. Rae, teacher.

Grade II.

Enrollment for month 42, teaching days school in operation 16, aggregate days' attendance 640.5, average 46.03, percentage 95.30. Perfect in attendance—Catherine Feron, Dorothy Hamilton, Kathleen McDonald, Maxine Mason, Denise Feron, Maggie Schlosser, Edward Bouthillier, Joe Morgan, Wilson McKenzie, Lucy Harner, Regina Gaudet, Thomas Donald, Alba Marcial, Nora Nastasi, Flora Schlosser, Henry Aschacher, Willie Elliott, Elmer North, Frank Morgan, John Suprovich, J. Gallay, teacher.

Grade III.

Teaching days 20, aggregate days' attendance 976, average 48.80, percentage 90.37. Perfect in attendance—Lina Erikson, Dorothy Oliver, Beatrice Trono, Barbara McCool, Rose Christie, Anna Kubik, Charles Harner, Arnold Barattelli, Tommy Grant, Fred Kolesnik, Joe Lestovsky, John Hardy, Philip Houbreg, Jack Calhoun. Pupils who have left the room during the month—Lorraine Shannon, Helen Kubasek, John Shannon, Vivian J. Keith, teacher.

Grade IV.

Enrollment for month 55, teaching days school in operation 20, aggregate days' attendance 1062, average 53.10, percentage 95.31. Perfect in attendance—Sadie Jarvi, Annie Kubik, Dorothy Hayes, Margaret Grant, Betty Thompson, Laura Link, Betty Scott, Anna Yanota, Lily Weber, Nuozatti Gallotti, Alice Wheatley, Evelyn Bennett, Margaret Patterson, Olive Young, Kathleen Christie, Rolando Maniquet, Alma Martin, Victoria Feron, Lily North, Joseph Pozzi, Gordon Calhoun, Arthur Williams, Wilfred Thibodeau, Harold McPhail, Fred Thibodeau, Alex. Rae, Ronald Reid, Frank Thomason, George Brown, Alfred Palmer, Bill Burns, James Patterson, George Lord, Jack McPhail, George Hinds, Martino Aschacher, Alex. McNab, C. Marquis, teacher.

Grade V.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grades VI and VII.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grade VI.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grade VII.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grade VIII.

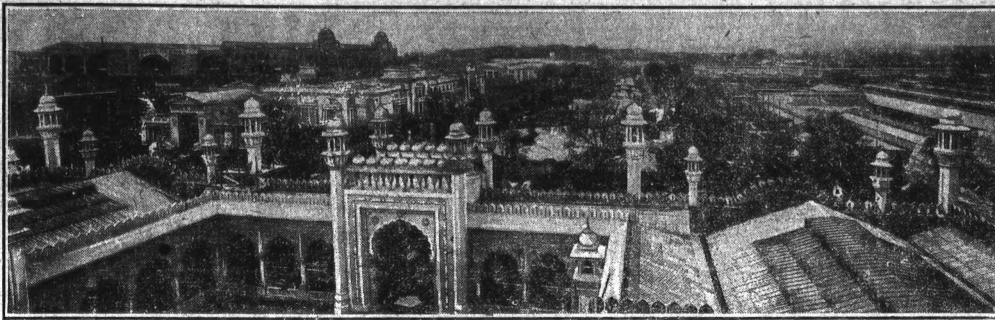

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grade IX and X.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

Grade XI and XII.

Enrollment for month 41, teaching days 20, aggregate days' attendance 684.5, average 54.92, percentage 94.50. Perfect in attendance—Angela Romeo, Millie Gallotti, Mar Buck Yuk, Charles Hayes, Edna Aschacher, Lucienne Bazzile, Margaret Ubrin, John Schlosser, Beatrice Calhoun, Joe Kukul, Norman Davis, Antonio Marcial, John Mores, Fern Palmer, teacher.

BRITISH EMPIRE EXHIBITION AT WEMBLEY

From left (at back), The Stadium, Canadian Pacific Building, Canada, Australia, The Ornamental Lake, Palace of Engineering and in the foreground entrance to Palace of India.

Here and There

Commencing April 15th, the Canadian Pacific Railway, having in mind the expressed wishes of the majority of its patrons, has decided to revert to the custom of permitting no smoking in observation cars of its transcontinental trains.

The production of steel ingots and castings in Canada during the month of February amounted to 70,983 tons, an advance of 72 per cent over the 41,309 tons produced in January. The increase was almost wholly accounted for by the rise in the quantity of open-hearth basic steel ingots made for the use of producers.

Canadian farm products exported to the United States during February totalled \$2,440,000, an increase of \$961,579 over February last year, according to a report published by the Bureau of Statistics. Wheat exports to the United States were valued at \$101,714 in February, as against \$25,157 in February of the previous year.

Under the agreement with the Imperial Government under the Empire Settlement Act, Canada, spent \$20,557 in assisted passages for some 2,653 British immigrants in the fiscal year just closed. In the past four years the Dominion Government has spent nearly \$1,500,000 in promoting immigration from Great Britain to Canada.

By arrangements made by Hon. George Healey, Minister of Agriculture, a trial shipment of cows and steers will be made in the near future to Japan for the purpose of testing out the possibilities of a market for Alberta's livestock in that country. It is also the purpose of the department to send with the shipment a qualified investigator who will look into the possibilities of a market for all Alberta farm products.

What must constitute a record in the rapid handling of an important consignment from the Orient was established recently by the Canadian Pacific Railway when shipping a quantity of silk from Yokohama to New York. The consignment, which was the largest forwarded from Asia since the recent slump in the silk market, left Yokohama on March 22nd on the Canadian Pacific steamer "Empress of Asia." Specially stored for prompt discharge on arrival at Vancouver, the shipment was so rapidly transferred to the waiting train that only 13½ minutes per car elapsed between the docking of the ship and the departure of the fast freight and delivery was made at New York at midnight April 4th, the through time from Yokohama to New York being but 33 days, 8 hours and 15½ minutes, calendar time.

Oldsmobile Roadster

\$1390

The startling low price at which Olds Motor Works of Canada, Ltd., is now enabled to market the new Model-30 Six has nothing in common with the excellence of its performance, or the high grade materials and painstaking workmanship in its manufacture.

Stylish in appearance and faultlessly efficient in operation, the new Model-30 Roadster finds a definite welcome in the world of business and recreation. It seats two adult persons comfortably and provides a generous storage space under the rear deck. Dash arrangement includes speedometer, oil pressure gauge, ammeter, dash light, choke, lighting and ignition switches, all mounted in a harmonious and convenient manner. Bodies of Standard Roadsters and Touring are painted in a beautiful shade of dark blue, neatly striped.

Canada In World Markets

Under normal circumstances the people of Western Canada could hardly be expected to take more than a passing interest in the result of general elections held in European countries, outside the British Isles, but the recent elections in Germany and France are likely to have a rather direct bearing on this Dominion. In fact, no other happenings of recent date are so full of promise for a general betterment of world conditions.

The answer given by the people of Germany at the ballot box was decidedly in favor of acceptance of the plan drawn up by the League of Nations for a settlement of the German reparations problem, and, inasmuch as this plan had previously been approved by the Allied Great Powers, the way is now open for a satisfactory adjustment of the outstanding difficulty which has hindered a restoration to normal peace conditions. The answer of the German electors is a distinct rebuke to the old monarchist dictators of the type of General Ludendorff.

Equally important and re-occurring was the defeat of the Poincare Ministry of France, and the election of a substantial majority of deputies who, it is believed, favor a less drastic and uncompromising policy than the one Poincare insisted must be carried through to the bitter end. In a word, the election gives evidence of a greater spirit of moderation in French views, and the result is welcomed in Great Britain as saving the way for an improvement in international relations, and as strengthening the hands of those who are striving for the maintenance of peace through honorable and sensible compromises.

If these two elections facilitate a settlement of the vexatious reparations question, and result in a lessening of the hostility between Germany and France, they will prove to have been red letter days in history. Canada stands to benefit enormously from a settlement of Europe's political and economic difficulties. The development of world trade on a scale more nearly approaching war days would result in a revival of industrial activity in Great Britain, increased shipping, and a rapid lessening of unemployment. With British and continental markets restored to normal the old demand for Canadian grain, cattle and other products would be largely increased. The depression would be dissipated, and with better markets should come better prices.

Possibly nothing could better illustrate just what the depressed condition of Europe means to the Canadian farmer than a study of Canada's exports of wheat flour. In 1921 Canada exported 6,017,632 barrels of flour, the smallest quantity since the year following the outbreak of the war. But these six million odd barrels were valued at \$68,529,490, or approximately \$11.00 a barrel. During the past twelve months Canada exported almost twice as much flour, 11,714,329 barrels to be exact, but the value was only \$62,783,118. In other words, the flour was worth less one-half as much as three years ago. And this great reduction in value is largely represented in the decline in the price of wheat paid by the millers in the farmers.

With a settlement of Europe's troubles, renewed industrial and commercial activity there, and lessened unemployment, the depressed currencies of Europe will rise in value, and with that rise the purchasing power of our people. Lower discounts and increased purchasing power will inevitably result in a larger demand and better prices for Canadian products, and a gain all round for this Dominion.

It is most gratifying that, notwithstanding the unsettled state of the world's markets during recent years, Canada has steadily increased the volume of its exports. Having been able to accomplish this in face of great obstacles, it is to be hoped and expected that our financiers, manufacturers and exporters will, with improved economic conditions, not only retain but still further and largely increase their business throughout the world. The producers of Canada can be depended upon to do their part, and as Canada's further development and prosperity depends upon largely increasing its export trade, it is to be hoped that the Dominion Government, our railways and steamship companies, and big business generally will exert every effort to place Canada's goods and products all over the world.

Ladies Remove Their Corns In A Very Simple Way

No pain, no trouble, costs only a quarter. It is a very simple thing to put on a small application of good old "Putnam's" night and morning. To remove corns, to get entirely free from them, use Putnam's Corn & Wart Extractor. It is contained in a box at all dealers. Refuse a substitute.

May Solve Problem Of Rejuvenation

Rontgen Rays Restore Vitality to Cells Says Scientist
Dr. Pais, noted Rontgen ray specialist of Rome, addressing the gynecological Congress at Naples declared: "Rontgen rays of very low intensity excite living cells, but even produce the phenomenon of reversion, giving back to the cells their lost vitality." If the theory propounded by Dr. Pais proves correct, scientists here believe that the problem of rejuvenation is entering upon a definite and practical phase.

When Robert Browning was in his 70th year, Oxford and Cambridge presented him with an honorary degree.

"Best Thing in the World For Delicate Girls"

Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from flu and scarlet fever, and it has always helped them."

Dr. Chase's Nerve Food

50 cts. a box of 50 pills, Edgemoor, Boston & Co., Ltd., Toronto

Ferry Runs Between Harwich and Zeebrugge

Boats Capable of Carrying 54 Ordinary Railway Coaches.
Train ferry boats have begun to run between Harwich and Zeebrugge. They start not from the Zeebrugge Mole, but from the Brouwers Canal. Each is a flat vessel 380 ft. long and 63 ft. wide, bearing four railway lines, and capable of carrying 54 ordinary railway vehicles. Having arrived at Zeebrugge from Harwich for a test, one of the boats spent only half an hour in reaching the basin, in mooring and in letting down and fixing its big gangway. Then it embarked 15 railway coaches in less than an hour.

Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with "Diamond Dyes" even if you have never dyed before. Druggists have all colors. Directions in each package.

Animals Stage Fight

Timber Wolf Kills Bull Moose After Chase and Battle

The story of a terrific battle between a bull moose and a timber wolf, which proved fatal to the former, is told by Provincial Constable A. F. Sinclair, of Lacerne, in a letter to officials at Prince Rupert.

While traversing the woods near Vellachoke, B.C., Mr. Sinclair witnessed the struggle and shot the moose, which had been mortally wounded by the wolf.

Apparently the moose had been chased for miles by the wolf. Becoming fatigued, the larger animal fell down a mountain side into a cold lake and turned to fight. The moose was able to keep the aggressor off for some time, but was finally so badly lacerated that the officer considered it unadvisable to put a bullet through its head.

TOO MANY HOME CARES

One Reason Why So Many Women Are Weak and Run-Down

The work of the woman in the home is greater and harder than her share in the world, and there is always something more to do. No woman can back away from her home duties. No woman who is not a mother can avoid the cares of her children. No woman who is not a wife can avoid the cares of her husband. No woman who is not a friend can avoid the cares of her friends. No woman who is not a citizen can avoid the cares of her country. No woman who is not a human being can avoid the cares of humanity.

A woman with plenty of healthy red blood in her veins finds work in the home easy. Her vitality is at par. This points the way to health in women who feel run-down and depressed. Make new rich blood. Put Pink Pills. These pills have the marvelous power of bringing up the blood and giving it new vitality. That is proved by the case of Mrs. H. Eppinger, Scott, Wash., who writes: "I have bought back my health and strength, and restored my nerves to normal condition after other medicine had failed. I was after the birth of my second child that I became so anemic and nervous that I thought I would lose my mind as well as my strength. I tried several medicines, but got no relief until I was advised to try Dr. Williams' Pink Pills. After using a few boxes of these I could see a change. I felt stronger, my appetite was better, I slept better, and my nerves were stronger. I continued the use of the pills for some time, and again found myself a well woman, and I can sincerely say that my health has since been the best. I can cheerfully recommend the pills to all weak, run-down women."

You can get these pills from your druggist, or by mail at 50 cents a box from The Williams' Medicine Co., Brockville, Ont.

Wanted to Purchase Munitions

Reported That German Firm Was Seeking to Buy Rifles and Bayonets in England

The special London correspondent of the Paris Matin says he has learned that a German firm, with headquarters in Hamburg and Berlin, asked a well-known British arms manufacturer, name not given, to quote a price on one million rifles equipped with bayonets, and one billion cartridges, deliverable at a German port. According to the text of the request which the Matin publishes, the German firm said the arms and ammunition were meant for a "friendly government"—a member of the entente. The correspondent says the British manufacturer immediately informed the British Government and took no steps to fill the order.

Parliamentary scientists have discovered that alcoholic beverages are not worth 50,000 to 150,000 volts of electricity, age 50 years.

Grain Handling Records

All Previous Records Smashed By C.P.R. in Alberta

All previous grain handling records of the Canadian Pacific Railway in Alberta have been completely smashed this season, according to an official statement. Since the commencement of the grain shipping season, on September 1, to March 31, the Canadian Pacific have placed 10,000,000 bushels of wheat in store and 2,000,000 bushels of other grains, and have shipped out of the province 32,500,000 bushels of wheat and 1,500,000 bushels of other grains. The total grain handled in the period mentioned is 111,000,000 bushels. This is practically double the shipments made by the company for the whole of last season, the figures then being 56,000,000 bushels of wheat and 7,250,000 bushels of other grains.

America's Only Ex-President

William Howard Taft Is the Only Living Ex-President of U.S.

William Howard Taft is the only living ex-President of the United States. John Adams lived 25 years after leaving the White House, Grover Cleveland lived 11 years, 3 months and 29 days after his second term. Six presidents died in office. They were William Henry Harrison, who held office only one month; Zachary Taylor, who was president a little more than a year; Warren G. Harding, who died Aug. 2, 1922, after serving 2 years, 4 months and 29 days, and Abraham Lincoln, James A. Garfield and William McKinley, who were assassinated. Three presidents died on the Fourth of July. They were John Adams and Thomas Jefferson, who passed away in 1826, and James Monroe, who died in 1831.

Mothers' Best Friend In Rearing Children

Pain and sudden sickness are apt to come upon us at any time and safety lies in having always handy on the shelf a reliable pain reliever like good old "Nerviline." For nearly half a century Nerviline has been a family standby, and most mothers have come to rely upon it in case of colds, sore throat, light chills, sprains, cramps, nausea and sudden attacks of sickness at the stomach. For internal or external use, Nerviline is worth its weight in gold in every home, and costs but 25 cents at any dealers.

Rapid Growth of Buenos Aires

Before the present century has run its course, it may be that Buenos Aires will be one of the greatest capital cities in the world, in the opinion of a reliable authority. The city has grown in the past ten years. The city now has a population of over two millions.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subside. Miller's Worm Powders will alter these conditions almost immediately, and will sweep the worms away. No destructive parasite can live in contact with this medicine, and it is not only a worm killer, but a health-giving medicine most beneficial to the young constitution.

Alberta Coal

Over Two Million Tons Exported From Province in 1923

More than two million tons of Alberta coal were sold to Canadian points outside the province of Alberta, and to the United States during 1923, according to the annual report of the provincial department of mines. The total production of coal for the year is shown at 8,866,223 tons. Of this amount, 1,382,735 tons were disposed of for consumption in Alberta, 1,957,753 for other provinces and 8,255,735 in the United States. To the railways 3,110,121 tons were sold.

Useful in Camp—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with this oil. It will relieve the pain of the muscles, and should a cut, or contusion, or sprain be sustained, no pain could be better as a dressing or lotion.

Hebrews For B.C.

Proposal From Provincial Government To Give Grant to Intending Settlers

Negotiations now in progress between the Provincial Government and the British Government probably will result in a few hundred immigrants from the Hebrews being brought to British Columbia this summer. The British Columbia Government proposes to give each family a grant of \$300 on their arrival at the spot selected for their settlement. This will be supplemented by an additional \$300 from the British Government and, with shelters provided, \$600 in cash and close to the sea where they can indulge in their pursuit of fishing.

Successful Women Farmers

New Era in History of Agriculture Is Beginning

The profession of agriculture for women was dealt with from many aspects at the Women's Institute convention in April. With large numbers of women coming from other parts of the world, coupled with the fact that farm machinery today has made farming operations of all kinds possible to women. It would seem that a new era in the history of agriculture was beginning. There are two women who have made an unqualified success of farming in British Columbia, as illustrated by the 10-acre farm in the Okanagan near Vernon. These two women have their 10 acres in fruit trees, and are successfully keeping bees.

First Record of Eclipse

The first known record of an eclipse of the sun was made in 1500 B.C. by the Chinese, who believed that a mighty dragon swallowed up the sun on such occasions.

These Foolish Days

"This song about bananas makes me sick," said the Foolish Old Gentleman. "In my days we had songs like 'Ta Ra Ra Boom De Ay' and 'Daddy Wouldn't Buy Me a Bow-wow,' that had some sense to 'em."

CHILDREN CRY FOR "CASTORIA"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paragoric, Teething Drops and Soothing Syrup. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it. The kind you have always bought bears signature of

Charles H. Fletcher.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP Enamelled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware Soap, water and a dish towel is all you need. Ask for

SMP Enamelled WARE

"A Face of Porcelain and a Heart of Steel"

Three finishes: Pearl Ware, two coats of heavily etched enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.

CLOSING DAY OF THE DEBATE ON THE BUDGET

Ottawa.—Closing day of the debate on the budget, brought scenes of excitement and animation not witnessed since the financial statement was submitted to the House over a month ago. Galleries were packed, and scores were turned away disappointed. The day, too, saw the Prime Minister and the leader of the Opposition battling in debate.

Right Hon. Arthur Meighen opened with a continuation of the speech of the day previous. He dealt more particularly with the tariff.

"We have had," he declared, "a policy of tariff hacking, clipping and tinkering, fidelity to no principle whatever. We have had nothing but a bartering of tariff concessions on the auction block, the victim, industry, being chosen every time with an eye to political support in this House."

Mr. King came back with a detailed reply. He replied to Mr. Meighen's attack on the thirty million reduction in net debt claimed on the budget speech with the assertion that revised figures would show the surplus to be not thirty millions, but thirty-five millions. Mr. King, referring to the C.N.E., said Sir Henry Thornton anticipated a surplus during the present year of thirty million. The Prime Minister further announced that it was proposed to add to the finance department a tariff board to advise in matters relating to tariff and taxation.

"We have, we believe," proceeded the Prime Minister "the one policy that is entitled to be called the national policy."

Right Hon. Arthur Meighen took exception to the attitude of the member for Winnipeg, Hon. A. B. Hudson, who said no country could be self-contained, and, therefore, Canada should buy in the cheapest market. Well, the west was more industrial; that he might be willing to admit. A letter from the Manitoba Rolling Mills said that a very small reduction in the tariff now would close its doors. Was the member for Winnipeg as willing to close out this important factory in Winnipeg as he now was to close out eastern factories?

The Government supporters had got much comfort out of the statement recently issued by the Massey-Harris Company regarding its post-budget policy. That statement, carefully scrutinized, revealed nothing except a generous intention on the part of the company to refrain from charging the farmer the sales tax it did not have to pay to the Government, and to carry on and make the best of the new conditions.

DYSPEPTIC

Food Does You No Good

Half the time you're afraid to eat; your tongue is coated, mouth tastes bad, stomach is bloated. If you want to get well, stop using dyspepsia tablets and go to the source of the trouble before it is too late. Strengthen your stomach, catch the bile, regulate the bowels—do this, and dyspepsia will be no more.

For your condition, the best prescription is Dr. Hamilton's Pills, which are made specially for the stomach, kidneys and liver.

Dr. Hamilton's Pills Aid the Stomach

Get Dr. Hamilton's Pills today, 25¢ per box, 5 for \$1.00, all dealers, or The Cataract Co., Montreal.

Protest Emigration Of British Children

Resolution Passed By Labor Women At London Conference.

London.—Protests against the emigration of children apart from their relatives to the Dominions were made by delegates to the International Conference of Labor Women held in London. A resolution was passed urging that such emigration should be stopped until completely satisfactory plans were established for ascertaining the children's own inclinations in the matter and for supervising the children after their arrival in the Dominions.

Round-Up Of Wild Horses In Southern Alberta

Edmonton.—The Alberta department of agriculture is making arrangements for rounding up about 10,000 wild horses at large on the range areas of Southern Alberta. In the Bow Valley district and other open range sections in that portion of the province. The round-up will be held some time in June, according to present arrangements. The corrals, according to the department officials, will be built within the next few days. For years bands of horses have been running at large in these sections and are practically wild. Some of them are strays that have come into the district from other parts of the province and have not been claimed by the owners.

Fr. Minehan On Church Union

Thinks Present Moment Auspicious For Settlement of Disunion.

Toronto.—Writing in the Catholic Register, Rev. Father L. Minehan again discusses church union, and takes the view that the present Ottawa outlook points very strongly to a modification of the present union bill, which will, without destroying its efficiency, concede something to its opponents.

Continuing, he asks: "Cannot it be made an epochal affair, a something which will stand out in the history of our Dominion as does Magna Carta in that of England? Can we not make the present moment the beginning of a greater Canada, religiously, socially, politically? We have our racial, linguistic, and religious (Can we not at once sweep away and find a settlement of all of them?"

CHURCH UNION QUESTION MAY NOW BE SOLVED

Ottawa.—A compromise to settle the differences between the Unionists and the anti-Unionists over the church union bill has been made public here. Deputy Speaker George Gordon, of the House of Commons, was asked, as an outsider, to suggest amendments to bring the parties together, and a series of amendments chiefly dealing with non-concurring congregations, was drawn up by him.

The first of these amendments provides that if any congregation of the Presbyterian, Methodist or Congregational churches, within six months before the coming into force of the other sections of the act, shall decide not to concur in the union, then the property of such non-concurring congregation shall be held by the existing trustees or by other trustees elected by the congregation for the sole benefit of the congregation.

Should a non-concurring congregation decide later to enter the Union then the Union Act shall apply to such congregation from the date of that decision.

The persons entitled to vote at a congregational meeting for the purpose mentioned above, according to a second amendment, is to be limited to members, except that others may vote where permitted to do so by a provision of the constitution.

A third amendment authorizes the non-concurring congregations in communion with the Presbyterian Church in Canada to use the name "The Presbyterian Church of Canada" or any name other than "The Presbyterian Church in Canada."

In order to have a meeting of the congregation called for the purpose of voting concurrence or non-concurrence in the union; the amendments provide that a petition of 10 members should be secured in a congregation of 100 members, or 25 members in congregations up to 100, or 50 members in congregations up to 1,000, and 100 members in congregations over 1,000.

Abandon Farms.
Ottawa.—There have been 4,463 abandonments of farms by soldier settlers. Major Barnett, chairman of the Soldier Settlement Board, told the House of Commons committee on pensions and re-establishment. This figure represented 18 per cent. of the total soldier settlers who had been granted loans. In no province, except Quebec, had the percentage of soldier-settler abandonments been as great as civilian abandonments.

Many Receive Degrees
Edmonton.—Graduating students of the University of Alberta received their degrees in the largest convocation ever held in this province, when 150 degrees were awarded. Dr. H. M. Tory, president of the university, presided, and Lieutenant Governor Burt presented the prizes.

Search For Small

New Effort May Be Made To Solve Mystery Surrounding Disappearance

Toronto.—Florence and Gertrude Small, sisters of Ambrose Small, the missing theatrical man, held a conference at the Parliament Building with Hon. W. F. Nickle, K.C., attorney-general, and provincial police, regarding what, in their opinion, should be done to set at the solution of the mystery surrounding their brother's unexplained absence since December 2, 1919. The sisters believe that a vigorous investigation, even at this late date, might solve the mystery.

Hon. Mr. Nickle and the police officers assured the Small sisters of the fullest assistance from the department, and asked them to put certain things in writing.

A Wonderful Milking Machine

Will Prove To Be A Boon To Farmers And Dairymen

The Lister-Page Milking Machine has been designed to solve the milking problems of the farmer. It is so simple in operation that anyone can operate it. The machine is portable—fitted with wheels, and can be handled readily. It is compact, no piping or installation of any kind. Two cows can be milked at a time. This machine, which can be operated either by electricity or gasoline, is absolutely guaranteed. Every user has become a booster. It is sold by R. A. Lister & Co. (Canada), Ltd., with agencies at Winnipeg, Regina and Edmonton. They want a farmer agent in every district. Write to the nearest agency today for further information, and ascertain how easy it will be for you to pay for this machine by selling to your neighbors.

Lausanne Treaty Becomes Effective

Has Been Approved By Britain, Italy And Japan

Tokyo.—The treaty signed here approved the treaty negotiated with Turkey at the Lausanne Conference, and has recommended the Prince Regent to ratify it.

Since the treaty is effective when Japan, Italy, Greece, Britain, France, Italy and Japan ratify it, and Great Britain and Italy have already done this, the treaty comes into force with Japan's ratification. The treaty was signed on July 21, 1923, concluded peace between Greece and Turkey and established new boundaries for the latter nation.

Reports Decrease In Winter Killed Wheat

Return Issued By Dominion Bureau Of Statistics

Ottawa.—General decrease in the amount of fall wheat winter killed is reported in a return issued by the Dominion Bureau of Statistics. Of the 787,000 acres of fall wheat sown in Canada last year, 702,100 acres are in Ontario, 49,600 in Alberta, and 15,900 in British Columbia. The report, reported as winter killed in Ontario is four per cent., in Alberta about 15 per cent., and in British Columbia about three per cent., a marked decrease in each case.

The average condition of fall wheat in all three provinces was reported on April 30 as excellent.

Advocates Wider Union
Sherbrooke, Que.—In emphasizing the importance of co-operation in church work, at the annual dinner of the Sherbrooke Methodist Church, Rev. W. S. Stevens, of Quebec, advocated the union of all denominations of the church—Methodist, Presbyterian, Congregational, Anglican, Roman Catholic and others.

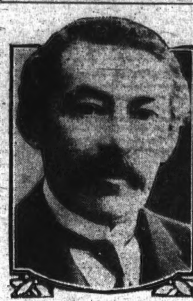

On-To-Bay Association

Prince Albert—An On-to-Bay Association for Northern Saskatchewan was at Prince Albert has been decided upon. A committee of organization has been appointed and is now working out its details.

The Elections in France

ARIETHE BRIAND

ex-premier of France, one of the chief leaders of the Left bloc, who gained brilliant victories in the recent elections in France.

New Apparatus Will Foretell Earthquakes

Prophecies of Italian Foretellers Have Been Confirmed

Spezia, Italy.—Earthquakes need no longer cause loss of life, according to Professor Caselli, noted seismologist, who claims to have constructed an apparatus, already patented, whereby earthquakes are announced at least 15 minutes before they occur.

The scientist also claims to be able, with very slight possibility of error, to locate beforehand the centres of tectonic phenomena, their intensity and the location of their most intense manifestations.

Signor Caselli's telluric prophecies of last March, which were deposited with a notary here, some time in advance of the expected disturbances, were completely and accurately confirmed by subsequent events. The professor promises to reveal his methods in the near future.

Britain Now Building Largest Radio Station

Designed to Communicate Directly With India and Australia

London.—Great Britain is to have what is claimed will be the largest and most powerful radio station in the world, according to the Daily Mail. Work is already in progress on a site of 960 acres at Hill Morton, near Rugby, where 16 masts, 820 feet in height, are being erected to carry the aerials. The station is designed to communicate directly with India and Australia, says the paper, although neither of these countries has any station, as yet, powerful enough to reply without delay.

COMMITTEE HAS APPROVED LAST OF BRANCH LINES

Ottawa.—Remaining Canadian National branch line bills have passed the railway committee of the House. When the bills were previously before the committee, the point was taken that while total expenditure on the lines was 15 per cent. more than the estimate given in the bill, there was nothing to prevent the whole of the money being spent on part of the line and the Canadian National then coming back to Parliament later for a further vote. Today, an amendment was inserted in one bill—and it will replace the minister of railways, be incorporated in all branch line bills—providing that the expenditure may not exceed 15 per cent. over the estimate on the average mileage. "This," it was stated, would meet the objection raised.

Hon. J. B. M. Baxter proposed the insertion of another clause in all the bills providing that "no part of the work authorized shall be proceeded with unless the company shall first obtain from responsible parties a tender or tenders for the construction of the whole line authorized, or of all the component parts thereof, such tender, or aggregate of such tenders, not exceeding the expenditure hereby authorized."

Three remaining branch line bills carried: Between Roussau and Lawrent, Que.; To Mile 31 of the Moffort branch near Piawin, Sask. (with a minor amendment as to route); from Lloydminster, Sask., northwesterly to Mile 10.

The bill was amended to provide that, for the purpose of avoiding duplication, the C.P.R. may, within seven years, have joint ownership of the line.

Empire Exhibition May Be Confirmed As Regular Feature

London.—The House of Commons, without a division, agreed to increase the government guarantee in connection with the British Empire Exhibition from £100,000 to £500,000, after a motion to reduce the extended guarantee had been withdrawn. It was announced that the million visit-or-paid into the grounds on May 14th. The exhibition opened on April 23. J. H. Thomas, secretary for the colonies, expressed the personal hope that it might be decided to continue the exhibition as a regular feature of Empire development.

Saskatchewan Economic Conference

Permanent Board To Deal With Economic Crisis and Contingencies

Regina.—A resolution, authorizing the creation of a permanent economic board for Saskatchewan to investigate and deal with economic crisis and contingencies as they arise crystallized the two-day discussions of the economic conference held here.

Under the terms of the resolution, adopted on the recommendation of a resolutions committee, the board will be composed of two farmers, consisting of a representative of the Saskatchewan Grain Growers' Association and one from the Farmers' Union, two labor representatives, one of whom shall be a woman, one manufacturer, one representative each of the loan companies and the banks, a representative of the University of Saskatchewan, one from the Women Grain Growers' Association, a representative of the transportation companies, a retailer and a representative of the government, the board being given power to add to its numbers as occasion demands.

After Everything Else Had Failed

Quebec Lady Used Dodd's Kidney Pills

Miss W. S. Godmy suffered from rheumatism, backache and headache and found complete relief in Dodd's Kidney Pills.

Cedar Cove (Spectator).—"I have suffered for years with my kidneys to such an extent that I had to give up my work for days at a time. I tried many of the pills after everything else had failed, but I am quite well now. I cannot praise them too highly to my fellow sufferers. It gives me pleasure to voice my appreciation of your Dodd's Kidney Pills." This statement comes from Miss W. S. Godmy, well-known and highly respected resident of this place. She feels that she owes it to other sufferers to tell them how she found relief.

Dodd's Kidney Pills are known all over Canada as the old reliable Canadian Kidney remedy. They are known by the work they have done. You will find that Dodd's Kidney Pills will relieve Kidney trouble, no matter where or in what form it is found.

Was Western Pioneer

Winnipeg.—Believed to have been the oldest resident of Manitoba, Pierre Allary, of St. Eustache, Man., has died at an advanced age of 106 years. A veteran of many buffalo hunts on the western prairies, he was the principal organizer and founder of the little parish of St. Paul, now St. Eustache. Fourteen children, 70 grandchildren, 40 great grandchildren and four great great grandchildren survive "Le vieux St. Pierre," as he was intimately known among his friends.

Ask Bail For Delorme

Montreal.—The trial of Rev. Adelard Delorme, charged with the murder of his half brother, Raoul, will take place in the September term of the court of King's Bench. Albin Germain, K.C., for the defence, made an application to Chief Justice Martin on bail. The presiding judge said that the present assets would consider as to the competency of the court to grant bail under the circumstances.

To Visit Prairie Provinces

Vancouver.—With a view of carrying the message of Vancouver to the people of the prairies, 100 members of the Board of Trade propose to make a trip through Alberta and Saskatchewan in the first week in September. Edmonton, Regina, Moose Jaw, Swift Current, Lethbridge and Calgary will be visited.

Will Pool B.C. Fruits

Vancouver, B.C.—Pooling of fruit under the Associated Growers' Union of British Columbia, will continue and 83 per cent. of the tonnage in the Okanagan Valley actually has been signed up, according to a statement by the directors.

DISCUSS MEANS TO SAFEGUARD BANK DEPOSITORS

Ottawa.—Further evidence by George Edwards, accountant adviser to the department of finance, in regard to further safeguards for depositors, and a suggestion by Sir William Stavert, Montreal financier, as to the creation of an organization, headed by a banker, which would receive reports from all banks, with a view to preventing failures, featured a sitting of the banking and commerce committee of the House of Commons.

With Mr. Edwards being examined, J. T. Shaw (Independent, West Calgary) called attention to the rank of claims against the assets of a bank: (1) the notes; (2) the Dominion Government; (3) Provincial Governments; and, (4) depositors and other creditors.

He asked Mr. Edwards' opinion as to the withdrawal of the priority which the government claims.

"Personally, I think they might well be abolished," was the reply.

G. G. Coote (Progressive, Macleod) asked whether Mr. Edwards would advise an amendment of the Bank Act to limit loans to one concern to a percentage of the paid-up capital.

Mr. Edwards did not favor it.

Mr. Coote asked Mr. Edwards' opinion of a provision that a director of a bank that failed should be liable up to 50 per cent. of his estate.

"If a director had done his duty," was Mr. Edwards' reply, "I do not see why he should be penalized."

In reply to a question as to the effect of having the bank circulation redemption fund of all the banks used to pay the notes of a defunct bank, Mr. Edwards said the banks could, in turn, become creditors of the defunct bank, equally with the depositors.

L. J. Ladner (Conservative, Vancouver, South) called attention to a drift in the deposits from small to large banks. "No asked whether a guarantee of savings deposits up to \$2,000 would not help to restore public confidence and check this tendency."

Mr. Edwards said that a guarantee of deposits had failed in Oklahoma.

Menace Of Bush Fires

Northern Alberta and Saskatchewan Suffer From Fires Over Wide Area

Edmonton.—Bush fires are raging over wide areas in Northern Alberta. The most serious outbreaks are west of Edmonton, northwest of Athabasca and in the Peace River country. Six hundred thousand feet of logs, the property of J. Roberts, were burned near White Court, northwest of Edmonton. Telegraphic communication with the Peace River country has been interrupted by the fires burning the poles, bringing the wires down with them.

Prince Albert.—Word reached here that disastrous fires swept large areas in Alinsky-Northside and Paddockwood districts, about 25 miles north of Prince Albert, burning out two home-stands without loss of life to humans or stock. Numerous bush fires have been raging in the district named. It is rumored another fire caused damage on an Indian reserve north of Alinsky.

MURINE
Keeps EYES
Clear, Bright and Beautiful
Write Murine Co., Chicago, for Free Booklet

New Tammany Head.

New York.—Surrogate Judge James A. Foley was elected successor to the late Charles F. Murphy as leader of Tammany Hall. But two of the 70 members of Tammany's executive voted against him.

Genuine BAYER ASPIRIN

Say "Bayer" - Insist!

For Pain Headache
Neuralgia Rheumatism
Lumbago Colds
Safe Accept only a Bayer package which contains proven directions. Healy "Bayer" brand of 12 tablets. Also bottles of 24 and 100—Druggists. Beware of the cheap mark (indicated in Canada) of cheap imitations of Bayer's trademarked Aspirin.

Mr. A. E. Ferguson, the Pass undertaker, is busy creating a large undertaking parlor of the most modern appointments. The new structure is going up on Victoria Street, east of Sixth Avenue.

Two youths were tried for horse-stealing before Judge McDonald on Monday afternoon and were each fined \$20 and costs. The boys had helped themselves to two saddle horses without permission of the owners.

An Irishman passing an ice cream parlor saw the sign "Nut Sundae" in the window. Looking at it he scratched his head and said "Shrove Tuesday, Ash Wednesday, Good Friday, Nut Sundae. Well, that's a new one on me."

Winnipeg livestock dealers are being attracted to Alberta for the big roundup of 10,000 wild horses, commencing this week. This will be the greatest roundup of stray horses ever held in this province and expected to gather in animals that have been roaming the ranges southwest of Calgary for years.

BREAD

FOR THE CHILDREN'S SUPPER

there's nothing like bread with milk. Give the kiddies food that will satisfy their appetites; food that will digest easily; substantial food that will build up their little bodies.

Bread is that kind of food.

Active days!—Dreamless nights! These are nature's priceless gifts to children who eat.

Bread is your best food—Eat more of it.

"OCEANS OF POWER"

THE NEW OVERLAND 91. Usually has "Oceans of Power!" The famous OVERLAND Engine as improved in the New 91 develops SEVEN HORSEPOWER MORE than former models, which will take you up and practically over any hill in the Blairmore district without a gear shift. This is only one of several important factors in the "New 91" that has made it "The Most Car in the World for the Money."

Call in and ask for a Demonstration—You will be convinced.
